

DAVID K. LYMAN
Enters Board Race

David K. Lyman Opens Campaign For Board Post

David K. Lyman, a practicing attorney, has filed for the April 18 school board election. Lyman, a resident of Torrance for three years, has two children and is married to the former Marion Kelley of England.

Lyman is a native of Los Angeles and was graduated from the University of Southern California in 1950 with a degree in business administration.

He was then graduated in 1953 from the University's Law School. During World War II he served with the U.S. Navy and participated in the Naval Aviation Flight Training program.

HE IS A member of the State Bar of California, the Chamber of Commerce, Junior Chamber of Commerce, Toastmasters Club, American Legion, the Methodist Church, and is a director of the Torrance Branch of the American Red Cross.

Lyman's 10-point platform:

1. Elementary education should place extreme emphasis on the fundamental subjects of reading, writing, spelling, English and arithmetic.
2. Stress should be placed on the phonics method of teaching reading.
3. No experimenting should be made with school curriculum merely for the sake of experimentation.
4. In High Schools, teachers should teach in their major subjects wherever possible.
5. Priority should be given to establishing libraries in our elementary schools.
6. The grouping of several grades in one classroom should be kept to a minimum.
7. The maximum salary of teachers should be raised to be commensurate with maximum salaries in school districts of surrounding areas.
8. An evaluation should be made of existing administrative and staff personnel in our school system to determine if all such personnel are necessary.
9. The public should be given a complete explanation of

William Hanson To Seek School Board Election

William J. Hanson, 45, Laboratory Director for the Dow Chemical Co.'s plastic plant in Torrance, filed this week as a candidate for the Torrance Board of Education. Since 1922 he has lived in California, and since 1955 he and his wife and children have resided at 327 Paseo de Gracia in Torrance.

Hanson states that he is a candidate for the Torrance School Board because he believes that there are some serious weaknesses in our school system which should and can be corrected without disrupting our schools or increasing the costs of education.

HANSON is the father of three children who have spent a total of sixteen years in Torrance schools. He is a former school teacher with a general secondary teaching credential from UCLA. During the last several years he has displayed a continuing interest in our Torrance schools as a PTA member and TEAC representative.

Hanson has been active in community services and civic affairs. He is presently chairman of the Torrance Library Commission. During his three-year tenure as chairman, the book stocks have more than doubled, a new Torrance branch library has been opened, and three more branches are to be opened in the next three years.

HANSON HAS served two terms as president of the Hollywood Riviera Homeowners Association. He is a director of the Torrance Chamber of Commerce and past chairman of

how and for what purposes school funds are being used.

10. The Board of Education should exercise an honest and independent judgement on all matters free from the domination of the school administration.

able treatment of all employees in the district.

10. Have high school teachers teach only in their major field whenever possible.

11. Separate the double-period English and social studies classes in high school.

12. Expand the vocational arts program.

13. Encourage teachers to establish a much stronger policy against cheating in their classrooms.

14. Establish citizens advisory committees to study school problems.

15. Find better ways to evaluate and publish the average performance of our students compared to that of those in other schools.

On Feb. 13, 1854, a Naval Expedition under the command of Commodore Matthew Perry anchored off Yokosuka, Japan, to await an answer from the Emperor regarding opening Japanese ports to commerce.

1. Place much more emphasis on reading and writing, and require frequent compositions.

2. Provide an environment which will attract and keep the best teachers.

3. Supplement the present report cards and parent-teacher conferences with realistically determined letter grades.

4. Group students on the basis of academic performance and ability in different classrooms. Use combination grades only when economically necessary.

5. Use a team of different subject-matter teachers in grades 7 and 8 to prepare students for the subject-centered high school.

6. Reappraise the district's spending policies and future needs.

7. Construct less expensive buildings.

8. Reduce the proportion of administrative personnel.

9. Establish fair and equitable

B'nai B'rith Presents Award To Scout Troops

Boy Scout and Cub Scout Troops of the Harbor area, under the direction of assistant district executive, Roger Pelz and activities chairman, Ernest Degner, participated in the annual B'nai B'rith window display competition which was held in conjunction with Boy Scout week.

Troops from Torrance, Gardena, Redondo Beach and San Pedro dressed some outstanding windows.

Window judges from the citizenship and civic affairs committees of the Holly Park and San Pedro Lodges of B'nai B'rith included Messrs. Max Miller, Ron Bloom, Addie Berger and Karl Shanks.

Proficiency certificates were awarded to all participating troops by Grand Lodge B'nai B'rith.

Tabernacle Revival to Open Sunday

The Rev. John R. and Louise Richey, founders of the Open Bible Standard churches of America, will conduct revival meetings D. S. Cahill, pastor at the Harbor Tabernacle, will be open at 7:30 p.m. each evening except Monday during the week beginning next Sunday.

"Prayer and Faith" will be the theme of the week-long series.
